MEMORANDUM FOR: George A. Carrett  
AES-BK  
Department of State

SUBJECT: Information on Air Route Agreements and their State  
of Fulfillment between the USSR and the Non-Alco  
Countries

1. In response to your telephone request the following information is submitted. Although the USSR signed several new air agreements in 1962 most of them are not being implemented currently.

2. The only agreement negotiated in 1962 that is being implemented currently is the Moscow-Bhartou service. The Moscow press has indicated that the other routes will commence operations in late summer or early fall. Technical flights, preliminary to the initiation of scheduled services, have been completed on the Aeroflot routes to Acera, Conakry, Bamako, Rabat and Havana. Technical landing and overflight rights have been secured in many cases. Yugoslavia has given the USSR landing rights for Aeroflot service on the Moscow to Africa route. The USSR is negotiating actively with several African countries to secure overflight and landing rights for its new African and Cuban routes.
